

# Energy supplement 2023

## Do you think you might be eligible?

## Put in a request

Again in 2023, residents on a lower income will receive an energy supplement of € 1,300. Helmond has decided to award this supplement to residents with an income of up to 130% of the social minimum. This applies for anyone from the age of 21. This will take the form of two payments: in the spring € 500 and after the summer holidays the remaining € 800.

### Have you received a letter about the € 500 energy supplement?

Did you receive the energy supplement last year and are you eligible for it again this year? If so, you should have received a letter from the municipality of Helmond in March 2023, explaining that € 500 would be deposited in your bank account at the end of April 2023. In that case, there is no need to make an additional request.

### Requesting an energy supplement in 2023

If you did not receive a letter from us in March 2023 and you are eligible, you can complete the request form by visiting the website [www.helmond.nl](http://www.helmond.nl) (button: hulp bij geldzorgen). If you would rather complete a paper version, or if you have any other questions, please call 14 0492 option 2.

### Help

The people from various organisations, like LEVgroep, Sociale Teams Helmond, BeBizzy, Saldo Plus and Humanitas are waiting to help and support you. There are consultation hours, where you can get information about how to submit a request. But you can also request a personal meeting. You can apply for the energy supplement of € 500 until 31 May 2023. In 2023, the supplement will be awarded **to an address** and not to each person.
